

Tonight on the daily dose. I talk to Ben about being a music designer in the industry, Dan talks to this person, and another guy... does this

ROLES THE INTRO.

DAN

Hello and welcome back to the daily dose.

RICKY

We've got a fantastic show for you tonight, but first, let's check in with last week's emails!

DAN

Last week, in the lead up to the 2019 BONAs, or the 'Best Of Name Awards' we asked you; 'Who is the best Steven; Steven Tyler, Steve Backshaw or Steven Spielberg?'

RICKY

Yeah we've had tonnes and tonnes of emails in, here's three we just picked at random.

(Standing by tech board of emails)

DAN

Sarah in Doncaster says: "Steve Backshaw hosted 'Deadly Sixty'! What more do you need? He's an absolute national treasure."

RICKY

Craig in Kettering says: "I was crying when I met him, now I'm dying to forget Steven Tyler. I mean, the dude looks like a lady. And why is his band named after someone who makes aerosols?"

DAN

And finally, Lindsay in Peterborough says: "Steve Backshaw all the way! Tyler sounds like an ill cat, and Spielberg doesn't even make it onto my Shindler's list..."

Pauses in shock and carries on

DAN

Lovely.

RICKY

Yeah, it's always nice to get the perspective of the actual public face to face; I've always found that this is where you get the real sense of the audience.

DAN

So.. we sent out a tweet asking some of you guys to film your favourite scenes and tweet it to us.

[ADD BITS OF PEOPLE'S CLIPS "60 SECONDS"]

RICKY

These were some great submissions, Love the one about the godfather.

DAN

Definitely.

RICKY

Yeah 100%

DAN

Yeah... SPOT ON.

(Takes a second looking at each other to create an awkward silence for a second.)

RICKY

So, in media news ASMR has gone mainstream.

DAN

ASMR, for those who did not know, started on Youtube as a small little sub-genre where people would talk into the microphone softly to make a "satisfying Video".

RICKY

You may be asking, how has this gone to the mainstream.

DAN

Well, it was first shown on the big-screen with one of the latest super-bowl adverts, however was thrust into the light because the rising hype for Billie Eilish's new songs "Bad Guy", where she does a little bit of ASMR in the bridge of the song.

RICKY

This is good, Because it shows that almost anything can become mainstream now with the power of the internet.

DAN

And now, its time for our interview with ..... and to find out more about what its like working in the media industry.

"INTERVIEW" - 3 MINS
